# Souvenirs of our 4th anniversary.

The greatest evidence of your appreciation of our "souvenir" values was shown yesterday in the enormous response to our announcement that we would distribute practical, sensible souvenirs in the shape of extraordinary bargains instead of frivolous, nonsensical "gewgaws." This has cost us much more than had we adopted the other plan, for to do it we have sacrificed profits to an enormous extent. Aside from this we are extending the privileges of "charge" system, which enables you to buy to any amount and to pay the bill in weekly or monthly "littles" as suits your convenience.

57½c. for 69c. all=wool henriettas.

As a special "souvenir value" in the dress goods department 39 pieces of 40-inch allwool Henriettas will be sold at 57½c, yard instead of 60c. This is the rich, lustrous, soft-finish Henriettas, in such shades as light blue, plnk, videt, cream, cardinal, lavender, new blue, castor, garnet, cadet, navy and black, 57½c, instead of 69c.

19c. for 39c. corded wash silks. 25 pieces of corded wash silks, in such handsome combinations as pink and white, violet and white, corn and white, bluette and white, will be offered as a "souvent value" in the silk department at the yard, and this is 20c. less than regular selling price.

The faults are really imperceptible. In no instance are they more than crooked by sewed seams. The materials of which they are made are the very finest of Sea Island percales and batistes, for this maker made no wrappers for less than \$12 a dozen wholesale, and his best creations, in which this lot abounds, are to be seen in the leading stores of very large cities in the land selling at \$2.50. Decision Regarding Local Base Ball Postponed.

CURRENT SPORTING NOTES

history of the Washington Jockey Club was that of yesterday, when the organiza-tion inaugurated its fifth spring meeting and also the eastern racing season of 1900. The attendance was very large, by far the largest of any previous opening day, and in it was represented official, political and social circles of the national capital, while the number of racing people from New York was very large. The track was in fine shape, seemingly faster than last fall, the best performance of the day from a time standpoint being the six furlongs of Boney Boy in the Benning handicap in 1.16 1-5.

This race was the principal feature of the day's card, unusual interest attaching to it because Imp, the black wonder, was to start in it for the first time this season. start in it for the first time this season. The great mare appeared to be in excellent condition, although considered by many critics a little high in flesh. Her appearance was greeted with applause, but in the race the best she could do was to run third, "Pa." Bradley's game little son of Blitzen, Boney Boy, well ridden by Mitchell, winning, Charentus being a length behind and less than a length in front of Imp. who was coming very fast despite her heavy, impost of 132 pounds. Although beaten, the great mare was by no means disgraced, and in the opinion of many experts will surely win in her next time out.

The opening race of the day went to Gen. Mart Gary, who was at 3½ to 1; Tourney, the 5 to 2 favorite, finishing in the field. O'Leary rode the winner, and the club presented him with a handsome silver cup for winning the first race of the season, and also presented one to Mr. W. P. Burch, the trainer of the horse, and one to the owner. Mr. F. R. Hitchcock. Fake, from the stable of A. H. and D. H. Morris, won the second, and the third, a steeplechase at two miles, was won by Cosmopolitan at even money, Emory running second. But four started, Lovelorn falling at the Liverpool and Tamor at the jump just before entering the track. The last race was won by Asquith, at 8 to 5.

Summary.

First race, for three-year-olds and up-ward, six furlongs-Gen. Mart Gary, 115 (O'Leary), 3½ to 1, won; Cupidity, 93 (J. Slack), 4 to 1 and 7 to 5, second; Sidney Lucas, 108 (Bullman), 3 to 1, third. Time, 1.17. Tourney, King, Thistle, Magic Light

Second race, Arlington purse, for two-year-olds, half mile-Fake, 112 (McJoynt), 4 to 1, won; Connie, 109 (Hatersall), 3½ to 1 and 8 to 5, second; Light Ball, 109 (P. Clay), 5 to 1, third. Time, 51½. Thoroughbred, Scurry, Della Cee, Tonicum, Nettie Newcomb and Irish Boy also ran.

Third race, maidens, steeplechase, for four-year-olds and upward, about two miles-Cosmopolitan, 137 (Bracken), even, won; Emory, 137 (Dayton), 10 to 1 and 4 to 1, second. Time, 4.35. Lovelorn fell and Tamor threw his rider.

Fourth race, Benning spring handicap, for three-year-olds and upward, six furlongs-Boney Boy, 106 (Mitchell), 3 to 1, won; Charentus, 109 (Clawson), 5 to 1 and 8 to 5, second; Imp, 132 (Clay), 6 to 5, third. Time, 1.16 1-5. Brisk, Lexington Pirate, Speedmas, Counsellor and Wernberg also ran.

Speedmas, Counsellor and Wernberg also ran.

Fifth race, selling, three-year-olds and upward, mile and forty yards—Asquith, 100 (Hatersall), 8 to 5, won; Diminutive, 101 (Slack), 3 to 1 and even, second; Hold Up, 103 (Seaton), 10 to 1, third. Time, 1.49 2-5. Mouzeltoff, Harry Lucesco and Matt Simpson also ran.

DECISION AGAIN PUT OFF.

Whether Washington Will Enter the Eastern League. The situation of Washington in the base

ball world is still open to debate. The East-ern League gathered in New York yesterday to decide whether Washington should after several hours' discussion once more adjourned without reaching a positive de cision. From reports received from the meeting it is learned that the Eastern League magnates were on the point of final adjournment, leaving Washington and Baltimore outside their lines, when a message was received from a National League magnate to the effect that they should not act hastily, as he believed the demands of the Eastern League for a lower rental of the grounds in the two cities named would be grounds in the two cities named would be granted. After considerable discussion the Eastern League magnates left this important question open and appointed a committee, with full powers to act in the matter, to meet the National League for a final settlement. The adjournment was taken until Friday, April 6, and by that time the people of Washington will know whether they are to see professional ball the coming summer or not.

During the meeting in New York President Powers gave out the surprising information that there were six different parties after the Washington franchise and that

ing to have lost money season after season and that no money could be made at National Park, it appears strange to see so many desirous to enter this unprofitable field. As a fact, it is well known among the base bail people the country over that this city will prove a gold mine to the lucky magnate the first to locate a winning team in Washington.

The peculiar part of the informaton about the six parties after the Washington franchise is that one of them hails from Brooklyn and is a son of President Ebbets of the National League ciub. When approached on the subject Mr. Ebbets admitted that his son was after the franchise, but maintained that the Brooklyn club as a corporation had nothing to do with the scheme. Such moves in the base ba'll world are, as a rule, viewed with suspicion, and as there is every surface indication that the Brooklyn club will be forced out of the city of churches at the end of next year, it is more than likely that the people back of that club are casting covetous eyes upon this city.

Jimmy McJames deserves lots of credit, as he paid for his medical education by pitching clever ball for the different clubs of the National League.

The final achievement, that of securing a water works system here, is due, to a large degree. It is claimed, to the untiring efforts of Mr. Phelps.
